

r autos

r autos is a concierge car buying service for **Charter Members** and **FANNs** of **r network**. We are making it simple and easy to buy a car without leaving your home or office. Replace the annoying, high pressure, high commission salespeople with a warm and professional **r network** concierge.

Your concierge puts **YOU** in control. They work hard to find your dream car at the price you want and deliver it directly to your door without you ever setting foot on a dealer lot.

r autos is not magic. The price and availability of the specific car you desire is still driven by market conditions, but with us, you get access to nationwide inventory while avoiding high sales commissions and hidden fees.

Each vehicle is inspected prior to delivery, however, keep in mind that if you are purchasing a pre-owned vehicle miles and condition will vary..

You may find a better deal locally. Our service is for the majority of people who do NOT have insider connections for pre-owned automobiles. However, if you are a real car expert and have personal connections that are local to you, you might be able to find a better solution for yourself that does not involve shipping a car to you from somewhere else.

Don't expect your concierge to negotiate on a vehicle you already located. Car dealers are an interesting breed. They don't like to sell cars to other dealers who have found you as a buyer. This cuts into their profits and sales tactics. If you have the specific automobile in your sights then you will need to negotiate that specific deal directly with that dealer. Be thorough, watch for hidden fees, demand an inspection, negotiate hard and good luck.

You choose your ideal specifications (make, model, color, etc.) and your dedicated r auto concierge locates it, inspects it, purchases it at wholesale prices, and delivers it right to your home or office in a matter of days. **r autos** is simply premium service and great savings.

You will get a clear price...no haggling...no hidden fees. Autos can be any make, model, or trim level and you can even add an extended warranty on most vehicles.
